

The Green Gazette

Thursday 21st March 2024

As everyone is aware the inspection took place this week from Tuesday to the end of Thursday. The children as ever, have been on their best behaviour and have made the team of inspectors feel very welcome. They have been sitting in on lessons, lunch time and breakfast/teatime, chatting to the children and observing a general day at Saint Pierre. On this busy last week of term, during assessment week, parent's evenings and show rehearsals, the staff have handled this last-minute change of plan fabulously and we're extremely proud of our team. We will communicate the feedback with parents once we're permitted to do so.
