### **Saint Pierre School – Aims & Ethos**

At Saint Pierre School we aim to develop the potential in every child. We want our pupils to be intellectually curious, to enjoy learning and to develop skills that will enable them to be more creative thinkers. Each child should be fully prepared for their next school.

Our children should be offered opportunities to develop a unique character and we encourage politeness, manners, resilience and independence in all our pupils.

We aim to support our parents and together we will nurture our children to strive for academic excellence and a greater sense of well-being. We expect our children to contribute to our community and to aspire to be global citizens.

### **Creating Lives of Significance.**

At Saint Pierre School our ethos is to encourage values of respect and tolerance for one another. We celebrate our individuality and our cultural and religious diversity whilst respecting British values. We promote honesty and integrity and we want all our children to flourish and become valued members of our community.

We value the uniqueness of every child and we believe that children should be encouraged to grow in confidence and develop skills that will enable them to offer service to others. We encourage charitable-giving and respect for the environment and we want our children to develop a habit of being socially minded.
