For our Politicians it is the future... but for our children it is their reality

“Will Artificial Intelligence Help or Destroy Humanity?”

The Sir David Amess Children's Parliament tackles one of the most prominent issues facing their generation:

Live Online

Tuesday 25th July 2023 at 5pm

All Primary aged Children are invited to take part

All Primary School Children are invited to be part of the 4th online session of the Sir David Amess Children's Parliament on 25th July 2023 at 5pm, lasting around 90 minutes. Previous events have seen the Child MPs discussing important topics such as climate change, technology and online safety, before putting them to vote.

There was huge excitement after our first three meetings, one of which broke the world record for participation and attracted direct involvement from MPs; Boris Johnson, Sir Lindsay Hoyle, Anna Firth and David Davis.

The next live parliamentary debate will be discussing the effects of artificial intelligence and will take place in a customised Microsoft Teams

debating chamber, hosted by myself, (Speaker and Headmaster Champion of the event) along with 8 year old Bruno Fortuna who is from the UK Parliament's Speaker's (Sir Lindsay Hoyle's) constituency. Bruno is currently at Sacred Heart school in Westhoughton.

Sir Lindsay Hoyle with Bruno (8 years old)

Anna Firth, M.P. for Southend West (David Amess' old constituency), will also be joining us for the online event.

All children taking part will need access to Microsoft Teams (please note the event is in the summer holidays so children will participate from home).

To register, please forward this link (to the application form) to the parent or carer of your nominated child MPs: <https://wakelet.typeform.com/CPJuly2023>

As an active Headmaster myself, I know it is important to reassure you that there is absolutely no cost involved and that GDPR and other Safeguarding issues are in hand. This includes mental health support for any children upset by the debate and permissions from parents for recording and distribution. All contributing adults are vetted, and data is stored safely using Microsoft approved methods.

We will be sending out more detailed information about the topics of debate in the coming weeks, so please register now to avoid disappointment.

If this email is formatted incorrectly, then please find more information at: <https://saintpiereschool.co.uk/the-national-childrens-parliament/>

Please reply to this email if you have any questions.

Kind regards,

Peter Spencer-Lane M.Ed. B.Sc. C.Ed (Headmaster – Saint Pierre School)

Broaden children's knowledge of the world with *The Week Junior* - the award-winning magazine loved by children and teachers.

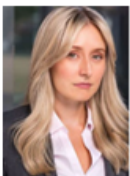

The Week Junior is used flexibly in hundreds of schools across the country. It provides schools with a simple and easy way to add breadth and depth to their curriculum.

Its colourful and inspiring pages help 8-14 year olds make sense of the world, provides context and clarity to complex

issues, improves general knowledge and encourages discussion and debate.
